

## **VISION**

To groom our students to be future-ready, ethically sound and have a global perspective.

## **MISSION**

- To equip students with skills and knowledge necessary to become lifelong learners.
- To provide challenging learning opportunities in a safe and supportive environment.
- To develop self-directed confident learners to attain maximum achievement.
- To establish socio-cultural values that will allow learners to act with thoughtfulness and humanity.
- To create an empowered and innovative community of learners who contribute positively within and beyond the school.
