

# Cyber Club

**THINK BEFORE YOU CLICK!**

## **Why Cyber Clubs in Schools are important?**

- **Cyber clubs foster interest in technology and cyber security from an early age.**
- **They provide a space for students to develop critical thinking, problem – solving and collaboration skills.**
- **To promote digital literacy and responsible online behavior.**
- **They serve as a gateway for students to pursue careers in cybersecurity.**

**April 2025**

## **Workshop on “Secure Your Digital World- Awareness and Legal Aid against Cyber Fraud”**

A Talk on “Secure Your Digital World” was organized at Blue Bird High School Sector-16, Panchkula. Resource person an Advocate Brij Mohan Vashishtha, who serves on the panel of the District Legal Services Authority, Panchkula cautioned the students and teachers about cyber-crime casualties.

He shared his extended knowledge about cybercrime and its ingredients. He also discussed the various provisions of law dealing with the evidence process, relevancy and reliability under Cyber Space. He elucidated how the computer is being used as a tool as well as a target for commit cyber-crimes such a shacking, skimming, phishing and cyber bullying. He addressed the students on the safe use of social media and expounded the various guidelines regulating the privacy issues.

JULY 2025

## CYBER SURAKSHA CAMPAIGN

The banner-making activity was organized to raise awareness among students about banking fraud and promote safe digital practices under the theme *Cyber Suraksha*. It highlighted the dangers of banking fraud and shared practical tips for prevention. The banners served as educational tools to spread awareness within the school community.

AUGUST 2025

## ORGANISED DIGITAL POSTERS COMPETITION ON DO'S AND DON'T OF ONLINE SAFETY

Students explored creativity and awareness by designing digital posters on Cyber Security using MS Word. A step towards becoming responsible digital citizens while learning useful tech skills.

**SEPTEMBER 2025**

## **WORKSHOP SESSION ON CYBER SAFETY**

A comprehensive workshop was conducted to educate students on the growing concerns of cybercrime and equip them with tools to navigate the digital world safely. The session covered:

**Safe Social Media Practices**

**Tackling Cyberbullying**

**The Reality Behind Social Media**

Students took a pledge to be more cyber-aware and vigilant in safeguarding themselves, their families, and friends against potential cybercrimes and online frauds by following secure and responsible digital practices.

OCTOBER 2025

## ORGANIZED CYBER SECURITY AWARENESS QUIZZES

A Cyber Security Awareness Quiz was conducted to assess participants' understanding of key cybersecurity principles, threats, and best practices. The quiz aimed to promote a culture of security awareness and identify areas for improvement in digital hygiene. The objective of quiz is to evaluate knowledge of common cyber threats (e.g., phishing, malware, social engineering)

OCTOBER 2025

## Presentation on phishing simulation exercise

A **phishing simulation exercise** is a controlled cyber security test designed to assess how well individuals or organizations can identify and respond to phishing attacks.

A phishing simulation exercise involves sending **fake phishing emails** to employees or users to mimic real-world cyber threats. The goal is to test awareness, reinforce training, and identify vulnerabilities in human behavior.

## **FEBRUARY 2026**

Safer Internet Day 2025 will take place on the 11<sup>th</sup> of February 2025, with celebrations and learning based around the theme **'Too good to be true? Protecting yourself and others from scams online'**

School Cyber club celebrated World Safer Internet Day. A talk session was also conducted regarding Online Safety Tips, Be Smart Online, Stay Safe Online, Think Before You Click, phishing, etc. Students also shared their experiences about the same and also about the vision they have for the future of the Internet. A video was shown in junior classes on internet safety. The intent behind this was to make the students aware of cyber-attacks and digital safety.
